NEW AND IMPORTANT INVENTION—
STARR, FELLOWS & CO.'S
NEW LAMP FOR BURNING FLUID.

PATENTED MARCH 13, 1855.

In setting forth the merits of this Lamp, it is not necessary to disparage any of the numerous materials used and advertised for illuminating purposes. It is sufficient for our purpose to know this fact; that the great majority of peoples continue to return to and use BURNING FLUID, after lawfug tried the various kinds of Coal Oil—good evidence, we think, that it possesses many advantages over them all. Some of these advantages may be thus stated:

1st. Its universality of production. Good Burning Fluid may be procured everywhere.

2d. Its perfect cleanliness—which all will agree is a first-class virtue.

rittee.

3d. its sweetness and healthiness of odor.

Medical. THE GREATEST MEDICAL DISCOVERY

of the AGE!

Mr. KENNEDV of Roxbury has discovered in one of our common pasture weeds a remedy that cures EVPRY KIND of HUMOR, from the worst Scrafula down to a common Primple. He has tried it in over eleven hundred cases, and never falled except in two cases, both thinder humor. He has now in his puscession over two bundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore month.

One to three bottles will cure the worst hied of pimples on the face.

Two or three bottles are warranted to cure the west case of ringworm.

Two or three bottles are warranted to cure the mest deeperate case of theumatian.

Three to four bottles are warranted to cure the mest deeperate case of theumatian.

Eive to eight bottles will cure the worst care of serrolls.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed growing on the pastures and along old stone walls, should cure every humor in the system; yer it is a fixed fact. If you have a humor, it has to start. There are no ifs nor ands, huma nor have, about it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a shout it, suiting some cases, but not yours. I pedided over a contract of the reverse of the restrict of it in every case. It has already done some of the greatest cure ever done in Massachasetta. I gave it to children a year old, to old people of sixty. I have seen poor, puny, wormsleoking children, whose fieth was such and fashly restored to a perfect state of health by one buttle.

To those who are anablect to a sick beatache out bettle will always cure it. It gives great relief in easierh and dissingers. Some who have taken in have been centre our years, and have been regulated by it. Where he body is sound it sorts quite easy, but where there is any derangement of he functions of nature, it will cause very singular feelings, but you must not be easy but where there is any derangement of he functions of nature, it will cause very singular feelings, but you mu
